Brand New Book ***** Print on Demand *****.Description: The Nature of Love and Relationships studies the fast-deteriorating situation of relationships in modern societies with the objective of finding practical solutions. It is a comprehensive book about man/women relationships that is developed based on scientific facts, but written in a simple language for the general public. Contrary to the present approach to address the symptoms of relationship conflicts, this book explores the deep-rooted problems of relationships as a pandemic. It is written for the understanding of the general public, although the discussions are based on scientific methodologies and analyses. The table of content and preliminary pages of this book show the main theme and the structure of the book. To reverse the frightening trends in relationships, radical changes are needed in terms of both people's mindset and social mechanisms. This book is the product of the author's research, expertise, and efforts to save his own marriage during the last fifteen years. The book contains around 135,000 words and over thirty-five simple diagrams and tables.
