3D Virtual Technology in the Classroom
A Large-Scale Case Study

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A Large-Scale Case Study | Virtual communities and organizations must have members, and leaders, who are trained and prepared to develop informed and creative solutions to globally complex problems. Some previous studies have shown the online virtual world (VW) application known as Second Life (SL) can be engaged as an effective virtual media toward team performance for students while removing the hindrances of lost nuances inherent of other communication technology. It is...
