

Knowing How: Essays on Knowledge, Mind, and Action

Filesize: 5.48 MB

Reviews

This is an incredible ebook which i actually have ever go through. This can be for those who statte that there had not been a really worth reading. I am just quickly can get a delight of reading a published book.
(Ms. Colleen Ziemann V)

KNOWING HOW: ESSAYS ON KNOWLEDGE, MIND, AND ACTION

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW PRINT ON DEMAND., Knowing How: Essays on Knowledge, Mind, and Action, John Bengson, Marc A. Moffett, Knowledge how to do things is a pervasive and central element of everyday life. Yet it raises many difficult questions that must be answered by philosophers and cognitive scientists aspiring to understand human cognition and agency. What is the connection between knowing how and knowing that? Is knowledge how simply a type of ability or disposition to act? Is there an irreducibly practical form of knowledge? What is the role of the intellect in intelligent action? This volume contains fifteen state of the art essays by leading figures in philosophy and linguistics that amplify and sharpen the debate between "intellectualists" and "anti-intellectualists" about mind and action, highlighting the conceptual, empirical, and linguistic issues that motivate and sustain the conflict. The essays also explore various ways in which this debate informs central areas of ethics, philosophy of action, epistemology, philosophy of language, and philosophy of mind and cognitive science. Knowing How covers a broad range of topics dealing with tacit and procedural knowledge, the psychology of skill, expertise, intelligence and intelligent action, the nature of ability, the syntax and semantics of embedded questions, the mind-body problem, phenomenal character, epistemic injustice, moral knowledge, the epistemology of logic, linguistic competence, the connection between knowledge and understanding, and the relation between theory and practice. This is the book on knowing how-an invaluable resource for philosophers, linguists, psychologists, and others concerned with knowledge, mind, and action.
