Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Why Bonds Are Safe Investments The average person perhaps does not realize to what an extent he is now indirectly investing in bonds, and enjoying the advantages which bonds have made possible. The insurance company in which he, his family or his property is insured invests its funds largely in bonds. So very likely to a considerable degree does the bank in which he deposits his money. The school where he sends his children has probably been built from the proceeds of a bond issue, as have many of the other public improvements of his community, the local electric light plant, the waterworks, the railroads which developed the country nearby, the trolley lines on which he rides, etc. Many of the greatest conveniences of the present day would have been impossible if bonds had not been considered safe investments by a very large number of people. It is the purpose of this pamphlet to explain the elements of safety which have made this class of securities so popular with careful investors. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
