A new series of colorful and lighthearted books that compares opposites in the weird and wonderful animal kingdom. These books describe and illustrate animals characteristics and compare them to animals with exactly the opposite characteristics. Young readers will learn fascinating facts about dozens of creatures from around the world while having some serious fun. All of the books include practical notes for parents and teachers about learning activities and games. Smartest and Silliest features photographs of animals with detailed captions that describe how smart or silly they really are. Some are engaged in activities, and others demonstrate how size affects any number of things -- survival, play, appearance and more.
