

A Minimalist s Approach to MCAT: Excel in Medical College Admission Test and Beyond

Filesize: 5.43 MB

Reviews

It is great and fantastic. Sure, it is actually perform, nevertheless an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.I have been tutoring MCAT for over a decade and enjoyed sharing successes with many students. This book is distilled from my professional and personal experiences with standardized testing along the journey to become a doctor myself and helping others realize their dream of becoming healthcare providers-from SAT, AP, IB exams, to MCAT, PCAT, DAT, to USMLE and COMLEX (the last 2 are medical licensing board exams for M.D. and D.O.) This book targets the MCAT. The fundamental principles on testing strategies and effective learning can help you succeed throughout medical school and beyond. While all my students find these strategies amazingly helpful and enjoy reproducible successes, the majority of them have also expressed that they could not have come up with these strategies on their own. This is completely understandable. The average MCAT takers have spent 3 months-2 years preparing for the MCAT. On the other hand, I have been analyzing and teaching MCAT for over 12 years. This is why I can offer strategies and approaches that are not apparent to many current MCAT takers:) This book is short and sweet: 23 pages of distilled MCAT strategies and worksheets. It not only gives you section-specific testing strategies, but also guides you to make your own MCAT prep plan. Practice these strategies, follow the ground rules and use the Golden Moments. You will realize buying this book is the best investment you could have made for your MCAT performance. Thank you, I wish you the best of luck on all exams!.
