

The Judiciary in Iraq: The Path to an Independent Judiciary and Modern Court System (Hardback)

Filesize: 8.45 MB

Reviews

Unquestionably, this is actually the greatest function by any writer. We have go through and so i am confident that i am going to gonna read through once more once again later on. I am just happy to explain how this is actually the very best book i have got go through during my individual existence and might be he greatest ebook for ever.

(Wilbert Connelly)

iUniverse, United States, 2014. Hardback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.After simmering in the background through the nineties, Iraq burst into the awareness of many when it became a battleground against the war on terror under the Bush administration. Few realize that in the midst of the fierce policy battles, one partially implemented state-building exercise took root, and Iraq became the first country in the Middle East, democracy or otherwise, to have a constitutionally mandated independent judicial branch. In *The Judiciary in Iraq*, Madhatal-Mahmood, chief justice of Iraq, examines the many elements contributing to the creation of the first independent judicial branch in the Middle East in 2003, tracing the roots of the Iraqi judicial system from Islamic and Ottoman origins through to the fortuitous opportunity created by the US state-building machinery that so often misfired. Providing guidance for support to the justice sector in Iraq and to new democracies in the region, Chief Justice al-Mahmood draws on his decades of work in both academic and government sector positions to discuss why Iraqi courts were positioned for independence in 2003 and on how the new branch has expanded access to services in spite of challenges. This study examines the evolution of the judiciary and courts in Iraq, starting from pre-Islamic developments, and then moving through the impact of Ottoman and British rule before considering the role of the judiciary and courts in a modern, stable, and democratic state in the Middle East following US interventions.
