Reviews

This is an amazing publication i actually have at any time go through. It is actually rally interesting through reading through period. Its been developed in an exceptionally straightforward way which is merely following i finished reading through this publication where actually altered me, modify the way in my opinion.

(Noah Padberg)

CAME THE SEA: A SURVIVOR S STORY FROM THE EYE OF HURRICANE KATRINA AND BEYOND

iUniverse, United States, 2007. Paperback. Book Condition: New. 226 x 145 mm. Language: English . Brand New Book ***** Print on Demand *****.The wind bellowed its rage at the frail humans in its midst. With it came the sea, which since the dawn of time, has insulted and murdered men. The earth yielded to the waters and the works of men intended to reinforce the earth quickly failed. Homes vanished, whole neighborhoods shattered, lives changed forever before the terrible onslaught. This was the fury of Hurricane Katrina in Plaquemines Parish, Louisiana, witnessed by Tony Ragas. Not a storm chaser looking for a thrill. He is a native of the small town of Buras, in the direct path of Katrina s eye, and hurricanes are a part of his job at the Bayou Grand de Liard Pumping Station. But Katrina was more than he and his fellow operators bargained for. His story begins as the furious storm pummels the parish before his eyes and continues into the massive recovery effort.
