Oh, doctor, said he, do you see? I am smiling today. You are better, I reply. I am very well, dear doctor. I felt better the morning after your cauterization. That night I could sleep almost the whole night and with only few nightmares. Yesterday I tried to eat something else than yoghourt, and veal and a little bread were easily digested. But I desire one other cauterization and also high frequency. Other cauterizations for the regulation of stomach, bowels and liver on the 17th, 21st, 27th and 29th of January, 1919. At this date the patient had entirely recovered. His weight was 76 kg. The nightmares have ceased since the 27th of January. The digestion is good, without constipation or enteritis. All subjective sensations have vanished, and the patient said to me at each visit: Oh, doctor,...
