The winds of change were everywhere and like much of youth in the 60s and 70s, Mark and Sara became swept up in the counterculture as they attended a large university in the Midwest. It was a turbulent time as people throughout the country questioned the institutions and traditions around them. Some also pushed the boundaries of thought, experience, and consciousness. Mark and Sara would not only explore their separate identities within this context, but ultimately find each other while absorbed in the pursuit. With greater immersion in the counterculture, however, came a need to navigate between this foreign new world and one embodied by old friends, family, and significant others people who could never fully understand the changes that were being wrought. For Mark and Sara, this meant being pulled in opposing directions, maintaining some ties, obstructing others, and trying to remain true to themselves. Bright Colors is a novel which addresses the conflicts and choices which were confronted by many of the people who lived in those times. The story is told against the backdrop of civil...
